NATIONAL ANTHEM / UMHOBE WESIZWE

WELCOME TO WALTER SISULU UNIVERSITY

ABOUT WALTER SISULU UNIVERSITY

Walter Sisulu University (WSU) was established on 1 July, 2005 (by a three-way merger) in terms of the Higher Education Act No. 101 of 1997, as amended. The new university was named in honour of an icon of the South African liberation struggle, the late Walter Max Ulyate Sisulu who was a close comrade of Nelson Mandela.

As one of six comprehensive universities in South Africa, WSU has positioned itself as a developmental university focusing on **urban renewal and rural development**. It may be characterised as **scientific, technological, innovative and responsive** to local community needs, the requirements of commerce and industry and the socio-economic niche areas of national government.

WSU is uniquely positioned to play a powerful role in the national government's new focus on rural development in particular. 30,000 students and about 2,000 staff live and work across four campuses with thirteen delivery sites.

Mthatha Campus: Nelson Mandela Drive, Zamukulungisa and Fort Gale Sites

Butterworth Campus: Ibika Site

Buffalo City Campus: (East London): Potsdam, Chiselhurst, College Street, Heritage Building, Cambridge Street and Buffalo City Stadium Sites

Queenstown Campus: Whittlesea (former Masibulele College) and Grey Street Sites.

The seven faculties are:

1. Faculty of Management & Public Administration Sciences
2. Faculty of Economic & Financial Sciences
3. Faculty of Medicine & Health Sciences
4. Faculty of Natural Sciences
5. Faculty of Education
6. Faculty of Engineering, Built Environment & Information Technology
7. Faculty of Law, Humanities & Social Sciences

All WSU's academic programmes are accredited by the Council for Higher Education and many programmes are also accredited by various professional bodies. WSU offers over 175 qualifications from certificates and diplomas, to degrees and postgraduate studies.

WALTER SISULU UNIVERSITY'S ACADEMIC SEAL

For exclusive use at Graduation, WSU has an academic seal depicting the face of Walter Sisulu and three of his core values: Excellence, Integrity, Wisdom.

Thesis: Developing In-service Teachers' Integration of GeoGebra in Geometry Teaching in Selected Secondary Schools in OR Tambo Inland District.

Supervisors: Prof I Kariyana
Dr B Tatira

The candidate is 42 years of age, married to Nyasha and together they have three daughters, Tyla-lee, Tamara and Taylin. He is a holder of the Master of Science, Master of Education and two Bachelor of Science honours degrees.

The study aimed to develop in-service mathematics teachers' skills for integrating GeoGebra in teaching geometry in secondary schools in OR Tambo Inland district. A more quantitative mixed method research which adopted the concurrent triangulation design was utilised. 12 secondary schools and 29 mathematics teachers were purposively sampled. The TPACK questionnaire was among the four instruments used to collect data. Findings revealed that integrating GeoGebra in geometry teaching impacted positively on in-service teachers' skills development, including improved in-service teachers' confidence of using GeoGebra and the ability to use GeoGebra to set geometry questions. The study concludes that in-service mathematics teachers can be developed to teach geometry by combining technology, as well as improved teacher collaboration and anticipation of positive impact on learner geometry performance. Establishing a GeoGebra institute in teacher training institutions and engaging the DBE or provincial or district curriculum specialists to train mathematics teachers to integrate GeoGebra were recommended for policy and practice. The researcher also recommends the intervention of his proposed new teacher training model called Technology Integration Model for Teaching and Learning. The researcher has published one article and has two more articles provisionally accepted in accredited journals.

DOCTOR OF EDUCATION

NOMLALA Lundi

Thesis: Challenges experienced by Grade four (4) rural school learners in reading and writing English as a First Additional Language: A case of Lusikisiki Schools in O.R. Tambo Coastal District, South Africa

Supervisors: Dr OM Ayoola (late)

Co Supervisor Dr T Saziwa

CITATION

Lundi Nomlala started schooling in Lusikisiki and proceeded to study Bachelor of Education Honours in Languages at Nelson Mandela University. He taught English in secondary and primary schools and developed interest in researching reading and writing of the subject English. His thesis focused on reading and writing skills of Grade 4 learners. The aim of the study was to explore the challenges experienced by learners during reading and writing English as a First Additional Language. The main objectives of the study were to:

- i. determine the level of performance of Grade 4 learners in reading and writing.
- ii. describe factors leading to learners experiencing reading and writing difficulties in learning English as First Additional Language.
- iii. examine the impact of reading and writing challenges on learners' academic performance in Grade 4 English FAL
- iv. propose effective strategies for improving reading and writing of Grade 4 English FAL.

The researcher adopted a pragmatist research paradigm employing mixed methodology approach. Exploratory and descriptive research designs were employed in the study. The target population were Grade 4 teachers and learners. Twenty (20) teachers and 100 learners participated in the study. Data were collected using interviews, observations, and questionnaires. Data analysis unveiled significant challenges such as spelling,

punctuation, paragraph structure, word recognition, pronunciation, sentence construction, and comprehension.

The researcher recommended that Grade 4 teachers must focus on English teaching only, establish school libraries, reading and writing clubs, enhanced collaboration between teachers and parents to coach learners to become fluent readers and proficient writers.

DOCTOR OF EDUCATION

TEBEKANA Jongiwe

Thesis: Teachers' perspectives on the implementation of HIV/AIDS policy in O.R. Tambo inland education district: A case of five selected schools

Supervisor: Prof EN Cishe

CITATION

Jongiwe Tebekana (nee Ganyaza) was born and grew up in the Mpindweni Location, Libode, to the late Mr Thandelakhe and Buyiswa Ganyaza. This thesis explored teachers' perspectives in implementing an HIV/AIDS policy in the O.R. Tambo Inland Education District schools. Using implementation theory and interpretive paradigm as lenses, the qualitative case study involves purposively selected teachers within the purposively selected schools in O.R. Tambo Inland Education District. Data were collected through document analysis, semi-structured interviews, and observations and analysed thematically. The study reveals that teachers have insufficient knowledge about HIV/AIDS policy, which they are expected to implement; they were insufficiently trained, lacked support, and encountered some barriers to HIV/AIDS policy implementation. The study recommends that professional in-service development programmes should be developed by the DBE and that school-based support should be increased to ensure proper monitoring. It is further recommended that policy formulators should engage the implementers in policy dissemination to eradicate the distortion of crucial policy aspects. Based on the findings and informed by the two theoretical frameworks, the Tebekana collaborative policy formulation and implementation model for the benefit of the schools is proposed.

NATIONAL ANTHEM

Nkosi sikelel' iAfrika
Maluphakanyisw' uphondo lwayo,
Yizwa imithandazo yethu,
Nkosi sikelela, thina lusapho lwayo.

Morena boloka setjhaba sa heso,
O fedise dintwa le matshwenyeho,
O se boloke, O se boloke setjhaba sa heso,
Setjhaba sa South Afrika - South Afrika.

Uit die blou van onse hemel,
Uit die diepte van ons see,
Oor ons ewige gebergtes,
Waar die kranse antwoord gee,

Sounds the call to come together,
An united we shall stand,
Let us live and strive for freedom,
In South Africa our land.
