

NOTICE FOR OCTOBER GRADUATION 2021

All graduands participating in the October 2021 Graduation are each requested to submit a vertical orientation, full colour, high resolution head and shoulders or head to waist photograph, taken from a camera or a smartphone. We will appreciate a little extra background on your photograph to allow our team room to resize your photograph, should there be a need to do so. Graduands will be recognised with an official slide that will be customised with their photographs. Kindly submit your photograph to your campus examination department before the 5 October 2021, 12h00 midday.

NB: Do not wear your academic regalia on your photograph before the graduation, where the Chancellor will officially confer all qualifications. Avoid group, family and blurry photographs. Try to get your best professional postured photograph and no iPhone live photos otherwise we will not use a wacky snap shot for graduation.

Those who are unable to submit their photographs, can come to their respective campus auditoriums on the 8 October 2021. Should graduands fail to submit or miss the campus photoshoot, they will still be included for graduation but the WSU logo will appear instead of their photographs.

All photographs will be subject to review, should they not meet the above specification.

For more information, contact your campus examinations department.
